ENERGY-SUFFICIENT SOLUTION

ARASTELLE system integrates two high-performance batteries to offer up to 4 hours of tethered flight.

These batteries can be hot-swapped while the drone continues its tethered flight and mission.

UNLIMITED POWER

The tether system can be connected to external sources for unlimited power while charging the two batteries.

INSTANT ADAPTABILITY

Quickly switch from free flight to tether mode by simply replacing the drone battery with an ARASTELLE air module. Immediately, your drone is converted to tether flight mode.
